B. Tech Electronics & Telecommunication Engineering program

Two day workshop on Power Supply Design and Development

Two day workshop on "Power Supply Design and Development" was organized for students of T.Y. B. Tech Electronics & Telecommunication Engineering on 16th and 17th May 2025. Mr. Surajkumar Kalsait, Chief Technological Officer of Indium Tech, Kolhapur was invited as resource person. Students of TY design 12V power supply and fabricated the same in laboratory. Students learned to design and manufacture the power supply and printed circuit boards.

The glimpses of the workshop are as below.
