

## B. Tech Electronics & Telecommunication Engineering

**Title of Seminar** - Competency building of students for Machine Learning, Artificial Intelligence and Mechatronics

**Date of conduction** – 09/ 05/ 2022

**Name of Resource person** – Mr. Ankush Gangreddiwar, M. Tech. IIT Bombay

One day seminar was conducted for the students of B. Tech Electronics & Telecommunication Engineering on competency building for ML, AI and Mechatronics. The purpose of this seminar was to create awareness among students to prepare themselves for different technical areas of ML, AI and mechatronics. Resource person Mr. Ankush Gangreddiwar informed students about trends and career opportunities in these areas. Finally students asked doubts and questions which were cleared by resource person.
