

ACTIVITY REPORT

Awareness programme on
Mobile Tower Radiation (EMF) myths and the Sanchar Saathi App/Portal

Organised by
Institution's Innovation Council – SUK
School of Engineering and Technology, Shivaji University,
Electronics & Telecommunication Engineering program

In collaboration with the
SUK Research and Development Foundation (SUKRDF)
Shivaji University Centre for Innovation, Incubation and Linkages (SCIIL)

Venue:
Auditorium, Department of Technology,
Shivaji University, Kolhapur

Day and Date:
Friday , 13th March 2026, 11.30 am to 2.00 pm

The purpose of the Sanchar Saathi App and Mobile Tower Radiation Awareness Workshop is to inform people about telecom services, digital safety, and scientific facts concerning mobile tower radiation. The Sanchar Saathi App (DoT, Government of India) will be introduced during the session, along with how to trace and disable stolen or lost phones, check mobile connections, and report fraud. In order to encourage safe and responsible mobile usage, experts will also discuss electromagnetic radiation, government safety regulations, and dispel common misconceptions.

SPEAKERS

Mr. Kanungo Rajesh
DDG, DoT, Maharashtra LSA, Pune

Topic: Cyber security and citizen centric services provided on Sanchar Saathi portal .

Mr. Amol Gaikwad
ADG, MH LSA, Pune

Topic: Mobile tower radiation.

“This workshop is mandatory for U.G. students and fulfills the Community Engagement Project (CEP) requirement. Gain critical insights into digital safety, telecom regulations, and Sanchar Saathi services directly from Department of Telecommunications experts.”

Title of the event:	Awareness programme on Mobile Tower Radiation (EMF) myths and the Sanchar Saathi App/Portal
Type of event: (seminar/workshops/FDP/ STPP/conference/Training/ Alum talks, etc.):	Seminar
Level:	II
Program theme:	Awareness about Mobile Tower Radiation (EMF) myths and facts and demonstration of the features of the Sanchar Saathi Portal and Sanchar Saathi for telecom safety and user protection.
Day and Date of the event:	Friday , 13 th March 2026, 11.30 am to 2.00 pm
Objectives of the event	<ul style="list-style-type: none"> • To create awareness among students about myths and facts related to Mobile Tower Radiation (EMF). • To educate participants about telecom safety initiatives of the Department of Telecommunications, Government of India. • To demonstrate the usage and features of the Sanchar Saathi Portal and Sanchar Saathi for reporting lost/stolen mobile phones and checking mobile connections.
Key Outcomes of The Activity	<ul style="list-style-type: none"> • Participants understood the facts about Mobile Tower Radiation (EMF) and the misconceptions associated with it. • Participants learned how to use the Sanchar Saathi Portal and Sanchar Saathi to block lost/stolen mobile phones and verify telecom connections issued in their name.

Participant details:	The program was open to students and faculty members.
-----------------------------	---

A. Students:	Total: 176
B. Faculty:	Total: 16
Photographs:	Attached at the end of the report
Media coverage:	-The awareness programme received positive attention within the institute. The event details and photographs were shared through the institute's official communication channels and social media platforms. The programme highlighted awareness about Mobile Tower Radiation (EMF) myths and the use of the Sanchar Saathi Portal and Sanchar Saathi , an initiative of the Department of Telecommunications , Government of India, aimed at enhancing telecom security and public awareness.
Feedback received from the guests/participants	The participants appreciated the informative session and found the awareness programme very useful. Students and attendees expressed that the seminar helped them understand the facts related to Mobile Tower Radiation (EMF) and cleared many common misconceptions. They also found the demonstration of the Sanchar Saathi Portal and Sanchar Saathi helpful in learning how to report lost or stolen mobile phones and check mobile connections registered in their name. Overall, the feedback received from the participants

❖ **Introduction:**

The **School of Engineering and Technology** at **Shivaji University**, Kolhapur organized an awareness programme titled “**Mobile Tower Radiation (EMF) Myths and the Sanchar Saathi App/Portal**” for students and faculty members. The programme aimed to create awareness about the facts and misconceptions related to mobile tower radiation and to educate participants about telecom safety initiatives and citizen-centric digital services provided by the **Department of Telecommunications**, Government of India.

The programme began with the **welcome address, introduction, and felicitation of dignitaries**. **Dr. A. B. Kolekar**, Director of the School of Engineering and Technology, welcomed all the distinguished guests, participants, and resource persons. **Dr. S. B. Chavan**, Program Head of the Electronics and Telecommunication Engineering Department, delivered the introductory speech and explained the objectives of the awareness programme, emphasizing the importance of spreading scientific knowledge about electromagnetic field (EMF) radiation and telecom safety. **Dr. C. J. Awati**, Co-Coordinator of the Computer Science and Engineering (CSE) section, also contributed to the effective coordination and smooth conduct of the programme.

The event was graced by **Radhesham Parmar**, Special DGT, MH LSA, **Department of Telecommunications**, who encouraged students to understand the importance of telecom regulations,

cyber security awareness, and responsible use of communication technologies.

At **11:35 AM**, the Director, School of Engineering and Technology addressed the gathering and highlighted the need for public awareness regarding EMF radiation and safe telecommunication practices.

At **11:40 AM**, the keynote presentation was delivered by **Kanungo Rajesh**, DDG, DoT, Maharashtra LSA, Pune. His presentation focused on cyber security and citizen-centric services available through the **Sanchar Saathi Portal** and **Sanchar Saathi**, highlighting services such as reporting lost or stolen mobile phones and checking mobile connections issued in a citizen's name.

At **11:55 AM**, **Amol Gaikwad**, ADG, MH LSA, Pune delivered an informative presentation on **Mobile Tower Radiation (EMF)**. He explained the scientific principles behind EMF radiation, regulatory safety limits prescribed by the **Department of Telecommunications**, and addressed common myths and misconceptions related to mobile tower radiation.

The programme concluded with the **presidential address at 12:15 PM by V. N. Shinde**, Hon. Registrar of **Shivaji University**, Kolhapur. He appreciated the initiative and emphasized the importance of such awareness programmes in promoting scientific understanding, telecom safety, and digital responsibility among students.

The event served as an important platform for students to gain awareness about telecom safety, cyber security, and government initiatives aimed at protecting mobile users.

❖ Acknowledgement:

The organizers express their sincere gratitude to **Department of Telecommunications** for their valuable support in conducting the awareness programme on “**Mobile Tower Radiation (EMF) Myths and the Sanchar Saathi App/Portal.**”

We are deeply thankful to **Radhesham Parmar**, Special DGT, MH LSA, DoT, for gracing the occasion with his presence and for encouraging students to understand the importance of telecom regulations and cyber security awareness. We also express our sincere thanks to **Kanungo Rajesh**, DDG, DoT, Maharashtra LSA, Pune, for delivering an insightful keynote presentation on cyber security and citizen-centric services available through the **Sanchar Saathi Portal** and **Sanchar Saathi**. We are equally grateful to **Amol Gaikwad**, ADG, MH LSA, Pune, for his informative presentation on Mobile Tower Radiation (EMF) and for clarifying common myths associated with it.

We extend our heartfelt thanks to **V. N. Shinde**, Hon. Registrar of **Shivaji University**, Kolhapur, for delivering the presidential address and motivating students with his valuable words.

Special thanks are due to **Dr. A. B. Kolekar**, Director, School of Engineering and Technology, for his constant support and encouragement. We also acknowledge **Dr. S. B. Chavan**, Program Head of Electronics and Telecommunication Engineering, for his guidance and leadership in organizing this programme. Our sincere appreciation goes to **Dr. C. J. Awati**, Coordinator of the Computer Science

and Engineering (CSE) section, for his valuable support in the coordination and smooth conduct of the event.
